

To: Bloomington Faculty Council  
From: BFC Executive Committee  
Date: August 30, 2022  
Subject: Amendment of BFC Bylaws to reconstitute the Student Academic Appointment Affairs Committee (SAAAC) as a standing committee

The Executive Committee moves to amend Bylaw 16.B and Bylaw 16.C to add the Student Academic Appointment Affairs Committee as a standing committee.

16. Organization of the standing committees:

- B. Standing committees of the Council shall consist of the Benefits Committee; the Budgetary Affairs Committee; the Constitution and Rules Committee; the Creation, Reorganization, Elimination and Merger Committee; the Diversity, Equity and Inclusion Committee; the Educational Policies Committee; the Executive Committee; the Faculty Affairs Committee; the International Affairs Committee; the Library Committee; the Long Range Planning Committee; the Nomination Committee; the Research Affairs Committee; the Student Academic Appointment Affairs Committee, the Student Affairs Committee; and the Technology Policy Committee.
- C. Standing committees shall be divided into three categories: committees with primarily consultative functions, committees with primarily legislative functions, and committees that support the critical administrative functions of the Council. This does not mean that consultative committees do not occasionally have legislative tasks, nor that legislative committees do not consult on issues. This is meant only to describe the primary function of the committee.

Standing committees with primarily consultative functions are: the Benefits Committee; the Budgetary Affairs Committee; the Creation, Reorganization, the Elimination and Merger Committee; the Diversity Equity and Inclusion Committee; the International Affairs Committee; the Library Committee; the Long Range Planning Committee; the Student Academic Appointment Affairs Committee, and the Technology Policy Committee.
