

Groups Scholars Program Q&A Information Forums

The Information Forum is your opportunity to ask Groups admissions questions specific about the application that you may need clarified. As the scholarship is need based and every person's needs are not the same, we will not be able to give you specific numbers on amount of dollars you will receive. Needs are reflective of information that is received from your FASFA application. We will host several sessions as listed below, so come join one or however many you need to get your questions answered to get you application completed prior to application deadline November 1, 2021.
