SCHOOL OF PUBLIC AND
ENVIRONMENTAL AFFAIRS

How will you benefit?

- **Gain expert knowledge:** Life-sciences business acumen taught by faculty experts that will support company growth in a changing environment.
- **Spend limited time away:** With the exception of a one-week, in-residence course and a two-day capstone experience, all work is conducted online in faculty-led synchronous and asynchronous sessions. We offer a flexible program so you can complete your degree at your pace.
- **Immediate application toward your career:** Participants will apply their new knowledge to business challenges immediately.
- **Earn national certifications:** You will earn 14 certifications including the Executive Certificate in the Business of Life Sciences, Project Management, Lean, and Agile.

Executive Certificate in the Business of Life Sciences

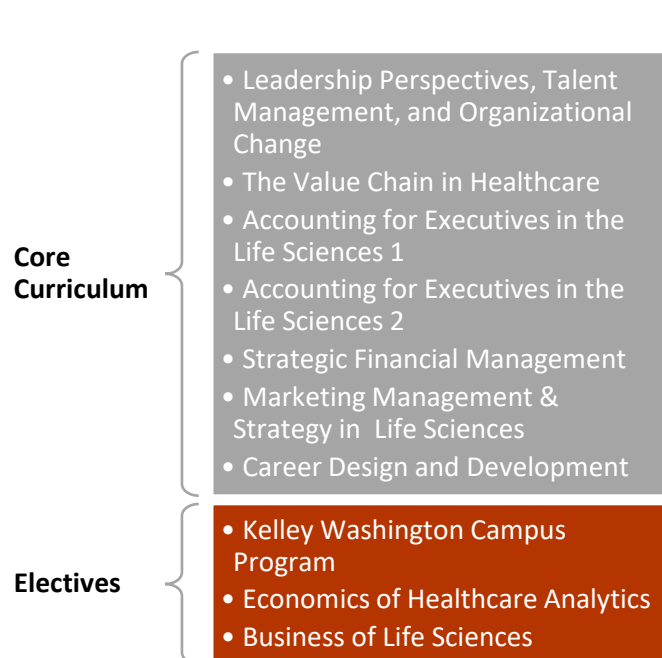

The Indiana University Kelley School of Business offers the opportunity for people to gain a competitive edge with the Kelley Executive Certificate in the Business of Life Sciences (ECBLS). The ECBLS enables people to learn the business of life sciences from one of the most respected business schools in the United States.

This program allows working professionals to:

- Increase your company's net worth by learning the business side of life sciences from an elite, top-ranked business school.
- Expand your career options and increase your growth potential within your company.
- Fit executive business education into your schedule conveniently and cost-effectively.
