Take the lead!

The practicum experience is a once-in-a-lifetime opportunity for students to gain hands-on experience as project leads in healthcare organizations across the country.

Students will cultivate a close preceptor-student partnership for support and mentorship and gain competencies and skills to become transformational healthcare leaders.

Practicum experience is **optional** and it is an **elective** of the program.

Possible Practicum Sites

IU Health

American Red Cross

Cardiovascular Systems, Inc.

Miller's Health System

The Michigan Department of Health

Trilogy Health Systems

...and more!

Student Experience

Staisy Cardenas '21
Administrative Fellow at Beacon Health
Practicum Site: IU Health Behavioral Health Department

— “ —
My practicum experience allowed me the opportunity to apply many of the project management frameworks that we learned about through our Franklin Covey class material. I was able to identify what my strengths were as well as areas of opportunity.

Jairus Johnson '21
Project Coordinator
Practicum Site: IU Health Design & Construction

— “ —
I was tasked with building a virtual simulation of the patient move for the new hospital. At a high level, it looked at how long the move will take as well as what resources would be needed. On a more granular level, it also tests the move operations and workflows that will help inform decision making for move day.

Alexis Woods '21
Marketing Associate
Practicum Site: Trilogy Health Services

— “ —
I was able to lead a team, help hardworking campus employees, and use my creativity to generate excitement. This experience gave me the confidence to make major business pitches in my current workplace. Now I'm leading a very high-profile project which will have national exposure.

Natali R. Jouzi '22
Current MSHM Student
Practicum Site: American Red Cross

— “ —
My experience with Disaster Cycle Services has expanded my leadership, project management, and community design skills. My team and I organized events such as Sound the Alarm, and I am currently preparing for deployment!

Aish Thamba '20
Medical Student
Practicum Site: IU Health

— “ —
Learning key professional development skills, has helped me connect and work alongside my classmates, clinical preceptors, and faculty at the Indiana University School of Medicine in academic settings, research deliverables, service-learning initiatives, and leadership experiences.

Lindsey Biggs '21
Project Manager
Practicum Site: IU Health Design & Construction

— “ —
The IU MSHM practicum component provided an incredible opportunity to practically apply the skills and concepts I learned in the classroom to a real-world, hospital setting. Gaining exposure to hospital project management during my time student enhanced my job search

Student Experience

Erin Allgaier '21
Administrative Fellow at Peace Health
Practicum Site: IU Health - Provider Onboarding Intern

— “ —
My practicum experience has allowed me to grow as a healthcare professional by teaching me the importance of effective communication. I also had the opportunity to practice my public speaking skills and receive feedback from established healthcare leaders

Katie Collins '21
Current MSHM Student
Practicum Site: Miller's Health System

— “ —
My practicum experience at Miller's Merry Manor as an administrator in training has allowed me to lead, problem solve, and adapt using the Franklin covey project management material

Elias Attalah '21
Innovation Intern
Practicum Site: Trilogy Health Services

— “ —
I learned the importance of developing and managing innovative products that directly impacted the lives of our elderly citizens. I got the experience of working with over a hundred executive directors, CEOs of various companies ... and launching a product to hundreds of residents.

Cecilia Stonner '21
Provider Contract Analyst
Practicum Site: Cardiovascular Systems Inc.

— “ —
I was able to learn how to analyze, interpret and translate health system operating and Medicare claims data into a sales and marketing tool that reinforces the economic and clinical value proposition of CSI's coronary technology to executives and physicians

Paige Downey '21
Communications & Development Fellow
Practicum Site: ReFED

— “ —
The Practicum portion of the MSHM program was a truly invaluable experience! I gained new skills, built my professional confidence, and formed amazing connections, which allowed me to successfully continue working at my Practicum site following graduation.
