Therefore, class time is used for collaborative, active, and inquiry-based activities meant to deepen your understanding of course topics and to provide practice in disciplinary thinking (e.g., visualizing biological processes, making predictions, drawing conclusions from data, and reading and analyzing scientific publications). Because students learn and retain information best when they are actively engaged during class, the structure of this course is flipped relative to that of a traditional classroom. There will be two, highly interactive, required class meetings per week. Before each class, you will view recorded lectures, participate on Canvas discussion board, read textbook and complete textbook-related online activities. Your out-of-class studies will be guided by video outlines and/or question banks. Get details and apply for Workshop admission at (<http://languageworkshop.indiana.edu>). Contact the Workshop at: [languageworkshop@indiana.edu](mailto:languageworkshop@indiana.edu).  
To maximize learning, Workshop participants immerse themselves in Chinese language and culture; living, working, and eating with fellow students and faculty on the Chinese floor of the residence hall and by signing an immersion contract to speak only Chinese for the duration of the program. You will be challenged, perhaps more than you anticipate, but those students who adhere to the pledge and maintain immersion make measurably more progress in Chinese than students who do not. Immerse yourself in Chinese this summer and see how much you can do!

To maximize learning, Workshop participants immerse themselves in Arabic language and culture; living, working, and eating with fellow students and faculty on the Arabic floor of the residence hall and by signing an immersion contract to speak only Arabic for the duration of the program. You will be challenged, perhaps more than you anticipate, but those students who adhere to the pledge and maintain immersion make measurably more progress in Arabic than students who do not. Immerse yourself in Arabic this summer and see how much you can do!
