There will be one interactive online class meeting per week. Before each class, students will view recorded lecture videos, complete lecture quizzes, read the textbook and work on textbook-related online activities. Weekly class time is used for collaborative, active, and inquiry-based activities designed to deepen understanding of course topics and to provide practice in disciplinary thinking (e.g., visualizing biological processes, making predictions, drawing conclusions from data, and reading and analyzing scientific publications).

Credit given for only one of the following: BIOL-L 100, 104,112, E 112, S 115 or Q 201

                        This course is designed to be blended/flipped format relative to a traditional class. Students are expected to invest time outside of class to complete all of the recorded lecture
                                                                                                                                                                                                                                     in pre-physician assistants program contact
biougrad@indiana.edu for permission to enroll.
L323: 3 seats available to Pre-PA students in other majors.

BIOL-L 326 BIODIVERSE-CITY (3 CR)
8002 RSTR 01:15P-02:30P TR WH 008
L 326: P - A 100-level Biology or Environmental Sciences
to a traditional class. Students are expected to invest time outside of class to complete all of the recorded lecture videos, textbook and other assigned readings lecture quizzes and weekly assignments. Class time is used in a variety of ways including "bench to bedside" lectures, practice in inquiry based activities, but are NOT substitutes for out of class reading. There is an increased emphasis on learning how to read scientific literature, communicate science for a general audience through creative assignment, technical writing and designing and interpreting experiments

                   Above class is a Standard section
Above class is offered as an online course. It requires that
                   students interact with course materials, fellow students, and
                   the instructor through online means (i.e. CANVAS). Students enrolling in this course will be expected to meet online as a class on Tuesday and Thursday: 12:40PM-1:30PM and complete
                   asynchronous work on Mondays.
