## Growth in Housing Units: Percent Change, April 2000 to July 2003

Top Ten Contributors to Hoosier Housing Stock		
County	Units Added	% of State
Indiana	118,840	100%
Marion	16,297	13.7
Hamilton	13,525	11.4
Hendricks	7,473	6.3
Allen	6,395	5.4
Lake	5,415	4.6
Tippecanoe	4,599	3.9
Johnson	4,430	3.7
Elkhart	4,182	3.5
Porter	3,626	3.1
St. Joseph	3,346	2.8

**County Total** 

Indiana added 118,840 units to its housing stock between April 2000 and July 2003, according to U.S. Census Bureau estimates released in July.

69,288

58.3

Posey

Nearly one-third of those units were added in just three counties: Marion, Hamilton, and Hendricks.

Ten counties are responsible for 58 percent of the housing growth in Indiana.
