

Possible Questions to Ask During Your Child's First Steps Transition Meeting

- What are all the options for where my child may receive services?
- Which options are inclusive?
- What are the differences between First Steps and special education preschool services?
- Are there typical peers in the preschool classroom?
- How will special education services be provided (e.g., pull out: child is taken out of classroom with therapist, push in: child receives therapy in classroom during typical classroom routines, therapy happens at a different time)?
- What are the best ways to share my child's strengths and needs with the preschool program?
- Tell me about transportation options.
- What can I do to make this transition as smooth as possible? Are there events to attend? Will I have a chance to visit the program?
- Who will arrange for me to visit the programs I am considering?
- Who is my contact person if I have other questions about transition?
